ACCESSIBILITY - Please note that we do have two flights of (shallow-stepped) stairs in the Hall and many of the decorations are on the upper floors which might be a problem for some elderly / not-so-mobile individuals. Please warn members of your party of the stairs in advance of their visit and let everyone that it will not be possible for individuals to wait downstairs by themselves. However, if requested in advance, we are very happy to arrange for a special guide to take those left behind on a ‘Virtual Tour’ of the upper floors of the Hall - so that nobody misses out!

PARKING - Please ensure that your coach driver follows signage and parks in the designated coach area of the large, grassed car park on the opposite side of the road to the Hall (as signposted). Please give your driver the enclosed ‘Information for Coach-Drivers’ and sketch plan on the day of your visit.
