

## Key Stage 1 Workshops

### Hall Tour

Discover how and why Doddington Hall was built, with Annie, the house maid, who will take you on a tour to explore the secrets of Doddington. This workshop encourages children to observe specific aspects of the Hall and develop an understanding of how it compares to modern homes.

### Garden Tour

Containing a wonderful mixture of elements from every generation; ranging from ancient trees, to young plants, Elizabethan walled gardens, modern statues, wild gardens, interesting habitats and formal gardens, this tour allows the children to focus on plants, seasonal changes, animals and everyday materials.

### Oliver's Vegetables

Oliver's Vegetables introduces pupils to the history of Doddington Hall's restored Kitchen Garden and compares how the garden is used today compared to when it was first built. This workshop involves a story and pupil participation in puppet/mask based role play of the story of 'Oliver's Vegetables' which encourages the idea of healthy eating and the importance of vegetables as part of a healthy diet. Pupils will also be able to spot vegetables and fruit as they take a walk around.

### Bugs and Beasties

Your intrepid explorers set off with hand lenses to observe and identify some of the invertebrates in the Garden. This will introduce pupils to the world of Minibeasts and bugs including, insects, arachnids, molluscs and crustaceans and their habitats. There is also the chance to talk about the food chain and the importance of maintaining a balance of so that all animals can survive.
