Discover 400 years of unbroken family history

Built in 1595 by Robert Smythson, one of England's foremost Elizabethan architects, Doddington Hall was completed in 1600 and has never been sold. Since 2006 Doddington has been our much-loved family home.

A visit to Doddington offers a unique insight into family life through the ages and the challenges of looking after such an estate in the 21st century.

Doddington Hall & Estate

Over the last 12 years we have developed a wide range of shops and restaurants which we hope you will enjoy in the knowledge that all the proceeds go towards the upkeep and conservation of the House and Gardens. At the same time we have worked hard to be sustainable with a range of initiatives across the estate.

There is always something new to see and do and we look forward to welcoming you to Doddington.
