Here at Doddington Hall we are proud to showcase estate-grown produce on our menus

A driving force of our **Wilder Doddington** project is our herd of rare breed and pasture-fed Lincoln Red cattle which is helping build biodiversity and carbon sequestration on our land and in our vegetation. Our beef is aged for at least 28 days and is simply delicious.

There is also game and foraged produce from across the estate along with fruit and vegetables picked daily in our walled Kitchen Garden. Beyond the estate, we seek out the best local growers and producers from Lincolnshire and surrounding counties.
