

Walks around The Doddington Estate

*View of the The Fishpond Walk
- the arched bridge leading to the Victorian changing rooms*

The walks

Fishpond Walk (30 Minutes)

A short stroll that will take you across the grassland towards a small lake. Look out for water birds such as Mallard and Moorhen. Listen out for songbirds in the trees such as 'charms' of Goldfinches.

Avenue walk (45 Minutes)

This walk is as long as you want to make it. Enjoy lovely views of the Hall and parkland as you walk towards the Doddington Pyramid 1km from the Hall.

Look out for our Lincoln Red cattle and you might see Snipe if you're lucky! We are allowing areas of longer grass to create more habitats for insects.

Circular walk (90 Minutes)

A longer walk following public footpaths. Enjoy lovely views of the Hall as you walk through parkland.

Look out for ponds formed from where the clay to make the bricks for the Hall was dug and glimpses into a little ancient wood called Strunch Hill.

Nature Trail (45 Minutes)

A walk through woodland and parkland. In late spring, the English bluebell can be found in abundance in a little wood called Strunch Hill, an ancient woodland at least 500 years old. Look out for the seasonal wildflowers in Donkey Close.

Footpath & Bridleway

The routes of local public footpaths are indicated on the map. Please consult OS landranger map 121 so you can see possibilities for longer walks.

The Sustrans cycle path to Lincoln and over the Trent is accessible via the Georgie Twigg Track to the North East of the Hall.

*The English Bluebell can be
found in abundance in Strunch
Hill Wood in late spring*

Please follow The Countryside Code

- Please take all litter home with you.
- Keep dogs on a lead at all times.
- Please do not light fires.
- Please do not pick wildflowers.

The Lincoln Red Cattle & Dogs

- Our cattle have a docile temperament, but can be curious, especially if you have a dog.
- Do not walk between cows and their calves.
- If the cattle follow you, just walk on quickly and quietly, don't panic or run.
- If you feel threatened by the cattle, let your dog go as the cattle will chase the dog.

*Look out for Snipe in
the wetlands adjacent to
the Avenue Walk*
